DAILY REVIEW

Sunday.

Between the Oise and the Serre
the French are pushing ahead accom
panied by tanks. In the attack
2,300 prisoners were taken. The Brit
ish in the region of Valenciennes are
drawing the net tighter around that
city and continuing to make prog
ress from the enemy. Valenciennes, it
is said, is doomed, while the fall of
Le Quesnoy is only a question of a
few days. The Italians are pressing
forward, gaining new positions and
capturing numerous prisoners.

No official confirmation was re
ceived in Washington last night on
the rumors that Austria had ordered
the demobilization of her army or
that Turkey would make an offer for
separate peace. Reports from Ger
many indicate that the people fear a
financial stringency and runs on the
banks are not an uncommon occur
rence. It is also reported that the
Prussian House has passed the
electoral bills.

Increased express rates will be
initiated shortly by the American
Railway Express Company with the
approval of Director General of Rail
ways. The Interstate Commerce
Commission has approved of the
method of applying the higher
rates, half of the amount to go to
the express company and half to
meet contemplated wage increases.

Maj. Gen. John E. McMahon, who
has been commander of the 5th
Division overseas, has been ordered
to Camp Zachary Taylor to assume
command. Gen. McMahon, during
the Spanish-American War, served
in the Philippines. It is expected
that Brig. Gen. Austin, now camp
commander, will be transferred to
overseas service.

Resolutions opposing an armistice
with Germany except such as pro
vide ample military guarantees for
the carrying out of President Wil
son's peace terms, were approved
last night by the Administrative
Committee of the Social Democratic
League, an organization of Social
ists, in New York yesterday.

German propaganda is at work in
Brazil to injure the trade between
that country and the United States.
It was learned yesterday that Ger
man agents had promised to sell
cotton goods to Brazil merchants at
pre-war prices.

Tourist civilians to the number of
25,000 have refused to evacuate
the town despite the order of the
German officials that they do so. Six
thousand Belgian refugees are re
ported to have reached Holland thus
far.

There were 342 casualties when
the Canadian Pacific steamer Prin
cess Sophia, from an Alaskan port,
was wrecked on a reef during a gale.
Not a soul on board survived.

The French are pushing on against
the Hunding Stellung in the face of
strong resistance over ground strewn
with anti-tank mines.

Saturday.
The growth of the British navy
since the war began is shown in fig
ures made public yesterday. The
fleet has increased from 2,500,000
tons displacement to 5,500,000 tons
and the personnel from 145,000 to
400,000.

To-day at Independence Hall in
Philadelphia the small oppressed na
tions of Europe will declare a new
liberty. The delegates to the con
ference have declared that there must
be absolute freedom for all the races
represented.

The London evening papers greet
President Wilson's answer to Ger
many with unqualified approval. The
Pall Mall Gazette says that the world
will realize that the President carries
an iron hand under a velvet glove.

The attack by Italian and British
forces on the Italian front is timed
to take advantage of the reported
unrest in Austria, according to the
New York Times military expert, in
the belief that a defeat would force
the dual monarchy to sue for im
mediate peace.

On the western front the situation

Thanks to PERUNA

"I have used Peruna with suc

around Valenciennes seems to be
approaching a critical stage. The
British continued to force their way
ahead and, with the Halmes forest
cleared, the water barriers, to the
north partially overcome, and Mor
mal forest on the south invested, it
appeared that the gateway to Mons
and Maubeuge between the two
forests soon will be forced. The
French are making more rapid prog
ress on the Avenue du Supremus up
Oise-Serre salient. Possibly the
thickly-placed German reserves in
this sector have been withdrawn to
meet the British menace. The Fran
co-American armies east and west of
the Meuse have been steadily im
proving their tactical positions.

GIRLS! HAVE WAVY THICK, GLOSSY HAIR FREE FROM DAND- RUFF

Save your hair! Double its beauty in
a few moments—try this.

If you care for heavy hair, that glis
ters with beauty and is radiant with
life; has an incomparable softness and
a fluffy and lustrous, try Danderine.
Just one application doubles the
beauty of your hair, besides it im
mediately dissolves every particle of
dandruff; you cannot have nice, heav
y healthy hair if you have dandruff.
This destructive scrub robs the hair of
its lustre, its strength and its very life
and if not overcome it produces a fe
verishness and itching of the scalp;
the hair turns fallish, loosens and die
then the hair falls out fast.

If your hair has been neglected and
is thin, faded, dry, scraggly or too oily
get a small bottle of Knowlton's Dan
derine at any drug store or toilet
counter for a few cents; apply a little
as directed and ten minutes after you
will say this was the best investment
you ever made.

We sincerely believe, regardless of
everything else advertised, that if you
desire soft, lustrous beautiful hair and
lots of it—no dandruff—no itching
scalp and no more falling hair—you
must use Knowlton's Danderine. If
eventually—why not now.

HOME CIRCLE

REGARDING CHILDREN.

The Society for the Prevention of
Cruelty to Children had a New York
father brought into court to answer
charges of whipping his ten-year-old
son recently.

The boy had been discovered by an
agent of the society. His body was
covered with welts which had been
caused by a whip in the hands of his
father.

When the clerk of the court called
the case the father stepped to the
judge. The case was entered in the
books. The welts were counted. The
father was called upon for an ex
planation and stated that his boy had
run away from home and did not re
turn until very late at night. The
boy was called on and said simply
that he had disobeyed his father and
that in return for it he had been beaten
until he had fallen down and faint
ed.

And then the judge made his de
cision. He rebuked the society which
had caused the father's arrest, re
buked the boy for disobeying his father,
and dismissed the defendant with

Do This Each Morning, You Won't Need Cascarets

Great exercise! Keeps Stomach, Liver and
Bowels active. Nothing like it! Splendid!

But if you insist upon taking your exercise in
an easy chair you simply must take a laxative
occasionally. The very, very best laxative is Cascarets
—10 cents a box. "They work while you sleep."

Nothing else works the bile, sour fermentations and poison from the liver
and bowels like harmless Cascarets. When Headachy, Bilious, Constipated or
if Breath is Tainted, Complexion Sallow, Stomach Sour, just take a Cascaret
at night. Wake up next morning looking rosy and feeling fine. Cascarets
never gripe or sicken. Come so inconspicuous!

as a yawn.

But this isn't aimed at street car
conductors. They are in the minority.
It is aimed at the whole common peo
ple set. The young woman can go
about the kitchen work after break
fast in such a way as to make mother
happy; or she can start in such a
manner as to generate a grouch in
the whole household, a grouch which
will last during most of the remain
der of the day. And if dad decided
to mope things up at the house be
fore he goes by informing ma that
the pancakes would make good shoe
leather, he will not only make ma un
happy for the day but he will discover
that he himself is unable to work
up to his usual capacity or live up
to his real capacity.

No boy goes out from the Home
Circle without a sense of loss. For
a time at least, the motherly pres
ence is sadly missed, the sisterly at
tention is sorely needed. Then if
feeling warmly cherished. Then if
the mother's letters reach him often,
filled with all that a mother most elo
quently expresses love, hopefulness
and prayer, he is still surrounded by
a holy influence.

so good as Dr. Pierce's Pleasant Pellets.

It has been 125 years since Dr.

SANDY VALLEY SEMINARY

H. G. SOWARDS, Principal

PAINTSVILLE, KENTUCKY

TERM OPENS MONDAY, SEPTEMBER ELEVENTH 1914.

ADVANTAGES—

Teachers of broad experience and adequate equipment.
Christian environment. Active religious influences. A
Christian character is built on the Rock of Eternal
Truth and will stand unshaken amid the shock and storm
of life's battle. This ought to be the first consideration
in selecting a school. Here you have Christianity and
religious influence in positive terms.

COURSES—

Academic—Good high school or college preparatory
offered. All the required subjects and a number of elec
tives. Standard course admitting to any college.

Normal—Course offered meeting the State requirement.
Teachers also have best opportunities in preparation
for examination and what is better a thorough prepa
ration for successful teaching.

Commercial—Strong course in bookkeeping, short hand,
typewriting and correlative subjects. Our graduates
equipped to fill the best positions. Unusual opportuni
ties are now offered through the business course.

Musio—Piano and Voice. This department has well
deserved the praise it receives. We have had the most
than the average success and the course for this year is
to be strengthened.

Expression—Kentucky is noted for oratory. It is a tal
ent of marvelous power and when properly developed
and cultivated makes one master of assemblies. We be
lieve it is a grave mistake to neglect this talent and are
offering a splendid course in physical culture and
expression.

Grades—So many people living in the rural communities
desire for their children better school advantages and at
the same time home care. In our elementary depart
ment we offer this opportunity. Our teachers are grade
masters having had special training for the grade work,
and in our dormitory the teachers will continue to
charge. This gives you the advantage of the best
schooling and also the same careful oversight of the
home.

OUR DORMITORY—

Girl students will be required to board in the dormi
tory where they will be under the immediate care of the
teachers. This is not done to curtail liberties but to
give to these young ladies that helpful sympathetic over
sight that is so essential in the development of a wise
and stable character.

INFORMATION—

We invite you to investigate and if you are thinking of
sending your boy or girl away for the year's schooling,
we urge you to investigate the opportunities offered by
SANDY VALLEY SEMINARY. Write to H. G.
Sowards, Principal, Paintsville, Ky., for any further in
formation you may desire.
